

# NORLYS | CHELSEA

The Chelsea Copper Outdoor Lantern collection from Elstead Lighting looks like it belongs in that most exclusive of London boroughs, and you can see why. Handcrafted from copper which will naturally patina over time, the attention to detail and workmanship is clear to see, and is complemented by a clear polycarbonate lens. The brackets and posts supplied are made from aluminium and powder coated in black, with wonderfully elegant scrolling. The Chelsea range includes lantern heads, pedestals, half wall and wall, as well as a pendant and lamp post lantern, in a variety of sizes, so you can truly coordinate the lighting of your outdoor space. IP44 rated and manufactured by Norlys.
